Q. My name is Detective Scott #7603. I am a Detective at Northeast Detectives and I will be interviewing you regarding the incident that occurred. In your own words, can you tell me what occurred that led to you being here at Northeast Detectives?

A. I was working behind the counter when a white male came in the store wearing a tan coat with the hood up. He came to the counter and threw a quarter on the table and grabbed some Mike n Ikes. Then he took out a gun .He said open the register. I was trying to open it but it wouldn't open. Then he started trying to open it. He got mad and pointed the gun at me and started pulling the trigger. That didn't work so he held it up like he was going to hit me with it. That's when I knew the gun wasn't real. I backed up and grabbed a knife and started swinging at him because he was taking the whole register. He took the whole register and ran out of the store.
